Information:

Product name: Nylon filter mesh, Filter membrane

Materials: PA6, PA66

Specification: JPP4-JPP200 (1950UM-5UM)

Weave Type: Plain weave, Twill weave, Dutch weave

Width: 100cm, 127cm, 183cm, or customized

Product Form: Rolls

Roll Length: 30-100m/Roll, Fixed Length, or customized

Color: Natural or white, or customized

Advantage:

The mesh openings are uniform, stable, elastic, wear-resistant, smooth, alkali-resistant, easy to clean and light in texture.

Application:

Mainly used in liquid filtration, powder filtration, petroleum, mining, pharmaceutical, chemical plant, paint, ink, oil product filtration, alcohol filtration, paint filtration, dye filtration, resin, monosodium glutamate, aquaculture, impurity filtration, food and other industrial screening and filtering.
